## **Situation based segmentation will answer the following...**

**What should we communicate (Content)?**

**To whom should we communicate (Target groups)?**

**Where should we communicate (Channel choice)?**

**When should we communicate (Timing for travel and decision)?**

# Method of the segmentation project

Conducted in four countries:

London and  
Manchester area

Berlin, Bavaria and  
Nordhein-Westfalen area

Tokyo and  
Osaka area

Nationally  
representative

Online interviews  
Data collection in  
July-August 2017  
1000 IP per market

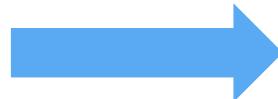

# Qualitative study conducted first

# The process of the segmentation solution

Analysis conducted in the process of formatting the segmentation solution included the following

- ✓ Frequency analysis
- ✓ Country differences
- ✓ Correlation analysis
- ✓ Factor analysis
- ✓ MDS (multidimensional scaling)
- ✓ Overlap calculations
- ✓ Drivers analysis (maxdiff)

Based on these analysis we have estimated the optimal solution for the segmentation
